PROFILE

I am a Front-End Developer experienced in building responsive and interactive web applications using JavaScript, TypeScript, React, and Next.js.

I have a solid understanding of modern web technologies and front-end architecture, and I am continuously improving and advancing my skills.

I am currently based in Tehran, pursuing a Master's degree in Computer Engineering, single, and holding a student military exemption. I am detail-oriented, motivated, and always eager to learn new tools and frameworks to deliver clean, optimized, and high-performance code.
